# Hi, I'm Yenny!

And I'm running to be your next
*Director of Diversity Efforts*

## About Me

I am currently a sophomore studying Human Computer Interaction and was admitted to the Informatics program in 2019 as a freshman direct admit.

## Background

I have always been passionate about diversity and equity in technology. I took several courses related to this topic and developed a concrete understanding of what it takes to promote an environment that is inclusive and open.

## My Skills

- Organization
- Effective Communication
- Dependability and Adaptability
- Respect and Open-mindedness

## Vision for Position

- Ensure diversity in all events and programs
- Work with other activist-oriented RSOs
- Openly take in suggestions and feedback to increase inclusivity

## Hobbies and Interests

I love online shopping, exploring cute cafes, rewatching old childhood tv shows, and collecting k-pop albums.
